I would appreciate it if you would clarify how the Department should indicate the facility address where the waste was removed on the manifests. Should the actual facility address be used with the one retained EPA identification number or should all manifests list the facility address at 16-16 Hazen Street, E. Elmhurst, NY? This is the address that is currently used for

the retained EPA identification number. Please let me know if you need any additional information. I can be reached at 718-546-3090.

Thank you for your attention to this matter.

Sincerely,

The above referenced EPA ID number was formerly used only for the DOC Support Services Division including the Key-Span Powerhouse all on Riker's Island; however, currently this number is being used for all of the Riker's Island facilities. Therefore,
